

Omaha Plan for Citizen Camp to Spread in U. S.

Civilian Aides of Army Reserve Call for County Chairmen to Oversee Recruiting in Their Areas.

Plans adopted by civilian aides to the secretary of war, in conference with Gen. George B. Duncan at a meeting in Omaha last Thursday, may become national, according to Col. L. S. Upton.

At this meeting a plan was formulated for state aides to appoint a county chairman in every county in their various states and conduct recruiting campaign to secure 3,700 young men who are authorized to attend the civilian military training camps this summer. The seventh corps area, including Nebraska, Minnesota, South Dakota, Iowa, North Dakota, Kansas, Missouri and Arkansas, is allotted the largest number of young men of any corps area in the United States.

Recruiting campaigns, division of districts and methods to be followed were decided upon to avoid any duplication in this recruiting work. Reserve and National guard officers and regular army officers on duty in this area will all co-ordinate with the various activities and will assist the county chairmen in the campaign for recruits.

Charles B. Pike of Chicago, national president of the Military Training Camp association and chief civilian aide to the secretary of war, stated that he hoped these plans would be adopted uniformly throughout the United States. He will place the matter before War Secretary Weeks. C. S. Walker and Paul Beer of Des Moines, W. S. Metcalf of Lawrence, Kan.; G. E. Ingersoll of St. Paul, W. G. Macfadden of Fargo, O. E. Engler of Omaha, civilian aides, and C. D. Pike, national president of the training camp association, attended the conference.

A dinner dance at the Burgess-Nash tea room was given visiting members Thursday night by General Duncan and his staff.

Judge Frank Dineen will submit his perplexity over what to do with 10 men arrested by Sgt. A. J. Trapp and his squad in a raid on a pool hall at 1524 North Twenty-fourth street, on a charge of gambling at cards, to the five municipal judges for their decision.

His perplexity is occasioned by Police Commissioner Dan Butler's edict permitting the playing of cards in pool halls and cigar stores.

In municipal court Saturday he postponed the case of Walter Craig, proprietor, to March 31.

Insurance Firm Delays Erection of Building

New 5-story building to have been built by the Guarantee Fund Life association on the southwest corner of Twenty-fourth and Farnam streets, starting June 1, has been postponed for two years, owing to increased building cost, according to John W. Hughes, vice president of that company.

At a meeting Saturday the insurance company officers decided to renew their lease in the Brandeis building for two years. Mr. Hughes stated that they had not given up the idea of building a home office building.

A Queer World

Englishman Dies of Laughter at Antics of American Movie Comedian.

Really Happens.
London, March 24.—The metaphor "dying of laughter" was translated into fact in the case of the elderly Joseph Chatfield, who was so tickled at the drollery of a leading American motion picture comedian that he was unable to control his laughter and suddenly collapsed, dying in the arms of a woman sitting beside him at a cinema theater here. Physicians said that Chatfield's heart had been ruptured.

Loses "Light" Finger.
San Jose, March 24.—"The light fingers" bandit who robbed Tou Jol, an aged Chinese, of \$20 last Tuesday night escaped with the loot, but minus the finger. The Chinese called on Chief of Police J. N. Black and presented to him a bottle in which the tip of a human finger was preserved in alcohol. Through an interpreter the "victim" explained that he had bitten the memento from the hand of one of two bandits who held him up and robbed him. One of the bandits escaped Jol's teeth, but lost his hat in the scuffle. Jol has the hat.

HAIR OFTEN RUINED BY CARELESS WASHING

Soap should be used very carefully. If you want to keep your hair looking its best. Many soaps and prepared shampoos contain too much free alkali. This dries the scalp, makes the hair brittle, and ruins it.
The best thing for steady use is Mulified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.
Two or three teaspoonfuls of Mulified in a cup or glass with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub the Mulified in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.
You can get Mulified coconut oil shampoo at any pharmacy. It is very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulified.
